

Organize an eco-friendly event

Hôtel Château Laurier Québec is proud to contribute to an eco-friendly environment with its sustainable development policy.

We Boast a 4 Green Key Rating

Green Key, a Canadian eco-rating program that has gained recognition in this country for many years, is an entry plan for any hotel establishment concerned by the environment. The program uses a scoring system ranging from 1 to 5 keys, 5 being the highest score.

We Are RéserVert Certified

RéserVert is a sustainable development recognition program for Quebec's hotel industry, initiated by the Association des hôteliers du Québec. The participating hotels engage in an evolving process aiming to balance environmental, social and economic stakes. For us, it is a team commitment towards the maintenance and growth of our actions year after year.

Recyc-Québec Level 2

Recyc-Québec issues certificates to establishments reaching Level 2 (Implementation); a recognition demonstrating their efforts in implementing 4R measures as well as information and awareness-raising activities in their business. The main objective of Level 2 (Implementation) is to endorse establishments that have previously implemented 4R measures as well as information and awareness-raising activities. This level also aims to optimize the recycling performance regarding residual materials. Reaching the second level means committing to a serious process aiming to implement 4R measures and to optimize the recycling of residual materials.

Steps Towards an Eco-Friendly Event

You should first review the documents that describe the concrete measures that we implement internally as well as the recommendations we make to event planners who share our values and environmental awareness. Our actions touch on all areas of the hotel: laundry, maintenance, banquets, technical services, reception, sales and administration.

Please feel free to ask your event coordinator for more details and for help in making your meeting a sustainable success! The Girard family and the team of Hôtel Château Laurier Québec thank you for your efforts and commitment for a sustainable future!
